### Accreditation Adjusted Pass Rates

The Commonwealth of Virginia accredits schools based on the overall achievement of students on Standards of Learning (SOL) tests and approved substitute assessments in English, mathematics, history/social science, and science. Accreditation ratings are based on student achievement during the most recent completed school year or on average achievement during the three most recent school years — whichever is higher. Adjusted pass rates represent achievement in all tested grade levels and allowances made for transfer students and limited English proficient students and credit awarded schools for the successful remediation of students.
