

## Grade 9 Pre-IB Summer Assignment Packet

In this packet you should have the following summer assignments. If any of them are missing or if you have the incorrect ones, please contact Mrs. Lancaster, IB coordinator, to obtain what you need.

Pre-IB English 9  
Pre-IB French 2 or Pre-IB Spanish 2  
Pre-IB World History  
Pre-IB Biology\*  
Pre-IB Geometry or Pre-IB Algebra 2/Trigonometry

\*Ninth graders in band, chorus, or orchestra who are taking both French 1 and 2 or Spanish 1 and 2 in the freshman year will not have a biology summer assignment included in the packet since this course cannot be scheduled until Grade 10. (There are no summer assignments for Spanish 1 or French 1).

### Additional Notes:

Ninth graders who are taking French 1 or Spanish 1 in ninth grade shall have their Pre-IB French 2 or Pre-IB Spanish 2 assignment due on the first day of class in January 2012.

Students taking Algebra 1 in summer school this year shall have their Pre-IB Geometry summer assignment due on the first day of class in September.

[www.summerskills.com](http://www.summerskills.com) is a Web site that advertises useful resources to “brush up” on your language and math skills. IB students have found these resources useful in the past. Students entering Algebra 2/Trigonometry may find it helpful to purchase the Algebra 1 review booklet to review Algebra I concepts because it has been a year since the student took Algebra 1 in seventh grade.
