<b><u>Elementary School</u></b> , Deep Creek Elementary/Deep Creek Central Elementary area				\$1,782,600	\$22,621,800		Open			

<sup>1</sup>For this project asbestos removal is included in the architectural/engineering design costs. The addition and renovation includes the replacement of the HVAC system. If the addition and renovation is not funded in a timely manner, the HVAC system will require replacement in year 1. In the event this occurs, the HVAC replacement is listed as a separate project in the proposed capital improvement plan.

<sup>2</sup>The cost estimate for this project includes a natatorium.

<sup>3</sup>The developers of Culpepper Landing have agreed to dedicate an elementary school site to the school division. Until the site has been dedicated and accepted by the School Board, the acquisition of an elementary school site will remain in the proposed capital improvement plan.
