The conditions set forth herein apply to all equipment, supplies, and contracted services bid to the Chesapeake Public Schools. All bidders are bound, will adhere to and comply with these conditions. **Please read these conditions carefully** as they are an integral part of the agreement and contract awarded to the successful bidder.

A. Bid Procedure

1. In the event a bidder finds either discrepancies or omissions in the specifications, drawings and/or bid documents, he shall notify the Purchasing Department, Chesapeake Public Schools, at once. If it is found necessary, a written addendum will be sent to each bidder. All addenda issued shall become a part of the bid documents and should be acknowledged on the letter of transmittal. **Important:** No interpretation of the meaning of the specifications, drawings and/or bid documents (except for procedural clarification) will be made orally to any potential bidder. All requests for such interpretation will be in writing and submitted no later than five (5) days prior to the date fixed for the opening of the bid.
2. The bid response must be:
 - a. Sealed and submitted in a plain opaque envelope clearly marked with the bid number, date and time of bid opening as indicated in the Invitation to Bid.
 - b. Submitted utilizing the envelope template provided in “**Attachment A**” in packaging your proposal for submission. Failure to do so may result in your proposal not being received in a timely manner, which may result in your proposal not being considered.
 - c. Submitted in a separate envelope and not submitted or concealed within any package or envelope that may contain bid samples.
 - d. Vendors who choose to utilize an overnight mailing service to deliver bid submittals should be mindful to indicate the bid number, bid due date and time of bid opening on the outside of the package. Failure to do so may affect the proper and timely receipt of bid responses.
3. All proposals will be opened and read aloud at the time and date set forth in the Invitation to Bid. Bidders or their representatives are invited to be present at the opening of bids. All bid openings will be at the School Administration Building, 312 Cedar Road, Chesapeake, Virginia unless otherwise stated in the bid. Bids received after the date and time of bid registration will not be considered.
4. Bids are to be submitted on and in accordance with forms provided by the Chesapeake Public Schools.
5. All information requested on the Letter of Transmittal and the Vendor’s Response/Bid Proposal Form must be completed in order to constitute a valid bid offer.
6. Any deviations from the specifications must be set forth in the bid documents.
7. Prices and information required, except for the signature of the bidder, should be typewritten for legibility. Illegible or vague bids will be rejected. **Note:** The signature of the person submitting the bid must be handwritten. Any bid submitted with corrections must have the corrections initialed by the person who signed the bid or his designee. No bid changes will be permitted after the bid is due.
8. The use of a brand name, make or manufacturer within the specifications does not restrict the bidder solely to that specified. Instead, it serves to convey to the bidder the general style, type, character, and quality of the item desired. Any item which the Chesapeake Public Schools in its sole discretion determines to be the equal of that specified, considering quality, workmanship, economy of operation, and suitability for the purpose intended, shall be accepted.
9. When bidding an item other than that specified, the bidder will give the trade designation of the item, manufacturer’s name, and detailed specification on the item he proposes to furnish. **The absence of this information** on the Vendor’s Response/Bid Proposal Form will be construed as submitting a price on the identical item specified.
10. Bids on equipment must be standard new equipment, of latest model and in current production, unless otherwise specified.
11. All manufactured stock must be certified to meet all federal, state, and local codes.
12. When bids are requested on lump sum basis, bidder must enter the price for each item and also the lump sum
13. All prices quoted must be “per unit” as specified. All prices quoted will include all materials, labor, and any incidental expense incurred by the contractor in performing the contract as per the bid documents. No other charges may be added.
14. Enter the price per unit and the extensions for each item bid. In case of a discrepancy, the lowest price will govern.
15. All bid prices are to be F.O.B. destination unless otherwise indicated. If the award is made on any other basis, transportation charges will be prepaid by the successful bidder and added to the invoice as a separate item. In any case, title shall not pass until items have been delivered and accepted. Delivery alone does not constitute acceptance.

16. The bidder expressly warrants that the price or prices quoted herein are not the result of an agreement or understanding expressed or implied with any other bidder or bidders.
17. Withdrawal of bid due to error: A bidder may withdraw his bid from consideration if it contains a mistake provided that:
 - a. The bid was submitted in good faith.
 - b. The mistake was a clerical mistake as opposed to a judgment mistake.
 - c. It was due to an unintentional arithmetic error or unintentional omission of a quantity of work, labor, or materials made in the compilation of the bid.

Chesapeake Public Schools reserves the right to require proof from original sources of compilation that would verify the withdrawal's validity. It is preferred that notice of intent to withdraw to be given in writing within two (2) business days after conclusion of the bid opening procedure and must state the reason for withdrawal. However, for all construction projects, notice must be given within two (2) business days after conclusion of the bid opening. No bidder who is permitted to withdraw a bid shall, for compensation, supply any material or labor to or perform any subcontract or other work agreement for the person or firm to whom the contract is awarded or otherwise benefit, directly or indirectly, from the performance of the project for which the withdrawn bid was submitted. If the Chesapeake Public Schools denies the withdrawal of a bid under the provisions of this section, it shall notify the bidder in writing stating the reasons for its decision and award the contract to such bidder at the bid price, provided such bidder is a responsible and responsive bidder.
18. For all contracts:
 - a. The contractor will not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, age, disability, or any other basis prohibited by federal or state law relating to discrimination in employment, except where there is a bona fide occupational qualification reasonably necessary to the normal operation of the contractor. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.
 - b. The contractor will, in all solicitations of advertisements for employees placed by or on behalf of the contractor, state that such contractor is an equal opportunity employer; provided, however, that notices, advertisements and solicitations placed in accordance with federal law, rule or regulation shall be deemed sufficient for the purpose of meeting the requirements of this section.
 - c. The contractor will include the provisions of the foregoing paragraph in every subcontract or purchase order of over \$10,000, so that the provisions will be binding upon each subcontractor or vendor.
 - d. During the performance of this contract, the contractor agrees to (i) provide a drug-free and tobacco-free workplace for the contractor's employees; (ii) post in conspicuous places, available to employees and applicants for employment, a statement notifying employees that the unlawful manufacture, sale, distribution, dispensation, possession, or use of a controlled substance, marijuana, or tobacco product is prohibited in the contractor's workplace and specifying the actions that will be taken against employees for violations of such prohibition; (iii) state in all solicitations or advertisement for employees placed by or on behalf of the contractor that the contractor maintains a drug-free and tobacco-free workplace; and (iv) include the provisions of the foregoing clauses in every subcontract or purchase order so that the provisions will be binding upon each subcontractor or vendor.
19. Chesapeake Public Schools is exempt from federal, state, local and excise taxes. The bid price shall be net and not include the amount of any such tax. Exemption certificates, if required, will be provided upon request. The contractor shall pay all sales, consumer, use and other similar taxes for work or portions thereof provided by the contractor which are legally enacted at the time bids are received, whether or not yet effective. The contractor shall also pay for and obtain all permits (includes all federal, state, and local) necessary to complete the project as indicted in the bid documents.
20. Sales to school boards are not affected by any fair trade agreements.
21. Prompt payment discounts will be considered in awarding the bid. However, no prompt payment discounts will be considered if offered for a period of less than twenty (20) days. Time allowed for cash discounts will be figured from date of receipt of a **properly** executed invoice form or date of delivery, whichever is later.
22. In submitting a bid, the bidder signifies that he is fully informed as to the extent and character of the supplies, material, equipment and services required and a representation that the bidder can furnish the supplies, materials, equipment, and services satisfactorily in complete compliance with the specifications. Further, the bidder signifies that he has inspected the site when deemed necessary by the bidder on which the work shall be done and is aware of all conditions affecting the execution of the work contained within the bid documents.
23. Under penalty of perjury, the bidder certifies that the bid price or prices quoted have been arrived at by the bidder independently and has been submitted without collusion with any other vendor of supplies, equipment or services of the type bid: the contents of the bid have not been communicated by the bidder, or, to his knowledge and belief, by any of his employees or agents, to any person not an employee or agent of the bidder or its surety on bond furnished herewith, prior to the official opening of the bid.

B. Bid Contract

1. The Chesapeake Public Schools reserves the right to reject any or all bids in whole or in part, to waive any informalities such as technical defects, qualifications, irregularities, and omissions if in its judgment the best interest of the Chesapeake Public Schools System will be served.
2. Unless otherwise stipulated, the right is reserved to award the bid in total, by individual item, or by category (compatibility of items), whichever is in the best interest of Chesapeake Public Schools.
3. Award will be made to the lowest responsive and responsible bidder, as will best promote the public interest, taking into consideration the reliability of the bidder, the quality of the materials, warranty of the product, conformity with the specifications, purposes for which required, and terms of delivery.
4. All other factors being equal such as quality, service, cost etc., award preference shall be given in the following order: Chesapeake City firms, area firms, state firms, and out-of-state firms, if such a choice is available; otherwise, a tie shall be decided by a random drawing. Whenever any bidder is a resident of any other state and such state under its laws allows a resident contractor of that state a preference, a like preference may be allowed to the lowest responsive and responsible bidder who is a resident of Virginia.
5. The Chesapeake Public Schools reserves the right to make awards within ninety (90) days after the date of the bid opening during which period bids may not be withdrawn unless the bidder distinctly states in his bid that acceptance thereof must be made within a shorter specified time. Any bid on which the bidder shortens the time specified for acceptance, **may**, in the discretion of Chesapeake Public Schools be rejected.
6. Bidders may be notified in writing of the bid accepted.
7. In submitting a bid, the bidder obligates himself and/or his company to furnish goods or services at price bid, and that written notice from Chesapeake Public Schools constitutes a contract between the bidder and Chesapeake Public Schools. (When a written contract as a separate document is required, this will be prepared and/or approved by Chesapeake Public Schools and submitted to the successful bidder.) An award letter does not constitute official notification unless agreed to by both parties. When circumstances warrant, quantities may be adjusted by mutual consent of Chesapeake Public Schools and the successful bidder.
8. When the Chesapeake Public Schools notifies a bidder in writing of its acceptance of the bidder's price, this contract will become effective on the date acceptance is written. Notification to the bidder can be in the form of a formal contract, purchase order, award letter, or a letter of intent. Public notice of award or the announcement of the decision to award shall be provided in the form of an award letter sent to all participating bidders after final evaluation of bids have occurred. Additionally, award notification shall be posted on the Bid Board located within the Purchasing Department.
9. At its sole discretion, Chesapeake Public Schools reserves the right to accept or reject any decrease in the bid price offered by the successful vendor, as long as all conditions, specifications, etc. remain unchanged, and at any time during a contract period, if determined that it is in the best interest of the school division.
10. If the successful bidder fails to either perform within the time specified, or within a reasonable time, or fails to perform satisfactorily in accordance with the specifications, or should market conditions change such that it is not in the best interest of the Chesapeake Public Schools to continue to purchase from the contract, Chesapeake Public Schools may take the appropriate action to satisfy the contract, including cancellation of the contract. In the event a bidder fails to perform satisfactorily, and the contract has been canceled for poor or nonperformance, any cost incurred in excess of the contract amount may be back charged to the original bidder. Should the difference be less, the successful bidder shall have no claim to the difference. Additionally, the original bidder may be removed from the bid list. The bidder may be allowed to apply for reinstatement to the bid list after a period of one year or one bid cycle, whichever is longer. If reinstatement is possible, it can only occur after a meeting with a purchasing administrator in which the original bidder must demonstrate that the original unsatisfactory actions or conditions have been corrected.
11. The Chesapeake Public Schools may order changes in the work and the contracted sum shall be adjusted accordingly. All such orders and adjustments shall be filed on AIA Document G-701 or similar format. Claims by the contractor for extra cost must be submitted in writing and approved by the authorized representatives of the Chesapeake Public Schools named in the bid before executing any work, or in accordance with the language contained in the contract. Any changes for more than \$50,000 or 25 percent of the contract amount, whichever is greater, must be approved by the Chesapeake Public Schools School Board.
12. When materials, equipment or supplies are rejected, they must be removed by the successful bidder from Chesapeake Public Schools property within ten (10) days from notification. Materials, equipment, or supplies left longer than ten (10) days will be considered as abandoned by the successful bidder and may be disposed of as if it were property of Chesapeake Public Schools.
13. The successful bidder shall not assign, transfer, convey, sublet, or otherwise dispose of the contract or his right, title, or interest therein, or his power to execute such contract to any other person, company, or corporation, without the previous written consent of the Chesapeake Public Schools.

14. In accordance with the Code of Virginia, Section 11-53, the Chesapeake Public Schools reserves the right to negotiate with the lowest responsive responsible bidder.

If for reasons beyond the control of the company the delivery cannot be made by the specified date, it will be the company's responsibility to notify the authorized representative of Chesapeake Public Schools of the reason for the delay and the new delivery date. The Chesapeake Public Schools accepts no responsibility for unloading and placing of the aforementioned. The successful vendor will notify the Post-Award Contact **at least (48) hours prior to any deliveries.** Failure to make the proper notification may result in refusal of the shipment. Such refusal shall not obligate Chesapeake Public Schools for any charges in excess of that stated in the bid proposal.

Chesapeake Public Schools may amend dates due to construction schedules. If this occurs, vendors will be notified in advance. Failure to complete the work required, within the specified time frame, may result in the successful vendor's removal from our bidder's list for poor or non-performance.

D. QUANTITY

Chesapeake Public Schools reserves the right to adjust any and/or all quantities without penalty as necessitated by budget restrictions or changes in educational requirements.

E. SAMPLES

If bidding other than specified, bidder must submit sample showing construction materials and method of attachment, either prior to or no later than bid opening time on the bid date. Bidder must also demonstrate that dimensional requirements are in compliance with the stated specifications. Samples are to be sent under separate cover to:

Greg Hanson, Supervisor of New Construction
Chesapeake Public Schools
369 South Battlefield Boulevard
Chesapeake, VA 23322

F. BROCHURE / SPECIFICATIONS

If bidding other than specified, the bidder must enclose descriptive cuts, brochures and specifications on all items bid. The specifications should be representative of the items you intend to supply. They should describe, in detail, the products offered in your proposal. **Failure to provide the required literature may disqualify your bid from being considered.**

G. BRAND NAME ACCEPTANCE

In order to maintain simplicity, the accompanying specifications may contain manufacturer's names and / or catalog numbers. The use of these names or numbers is not intended to restrict bidding, or to bar the equal or superior products of other manufacturers. They are used, however, to convey to potential bidders a minimum standard and to establish the quality and design required for this project. Chesapeake Public Schools reserves the right to consider other manufacturer's guidelines, standards and manufacturing techniques in the bid evaluation. All deviations from the specifications are to be noted in the bid response. If no deviations are submitted, the bidder assures the Chesapeake Public Schools of full compliance with the specifications and conditions. **Please be sure to enter the proposed brand and ID number for each item on your bid response.**

H. PRICING REQUIREMENTS

Chesapeake Public Schools is requesting both an installed price and an inside delivered only price. It is our intent to have all furniture/equipment installed by the successful vendor. However, in the event of project delays, Chesapeake Public Schools may be required to install furniture/equipment using its own personnel. Vendor will be notified at a later date with instructions for delivery and/or installation of the furniture/equipment. The Purchase Order/Letter of Intent will be processed using the installed prices as submitted on the bid. In the event that Chesapeake Public Schools installs the furniture/equipment itself, a credit will be issued using the delivered only price as submitted on the bid.

Items are to be priced and delivered: **All or None.**

Installed Price – Defined as the cost for each item that will include all transportation and labor charges incurred to deliver the product to the project location, unloading, uncrating, assembly, and installation in accordance with manufacturers requirements (as per owner furnished room layouts).

Delivered Only Price – Defined as the cost of each item to include all transportation and labor charges incurred to provide inside delivery to the project location or other location as designated by the Chesapeake Public Schools.

Inside Delivery is defined as all transportation and labor necessary to deliver the required product(s) to and inside, at a designated area within, the project location. If the successful vendor chooses to use an independent shipper, arrangements must be made in advance for inside delivery. Carts or hand trucks used for inside delivery or for transporting equipment throughout the building must have soft rubber or pneumatic wheels. No hard rubber wheels will be allowed inside the building.

Chesapeake Public Schools will not be able to provide personnel to aid in the unloading or installing of any product. Failure to make the necessary arrangements may result in refusal of the shipment. Such refusal shall not obligate Chesapeake Public Schools for any charges in excess of that stated in the bid proposal. The Post-Award Contact should be contacted immediately in the event there are any problems with the project conditions. Company representatives or their proxies must be present, on site to accept all deliveries prior to installation. They must count, verify and sign for receipt of all equipment. Chesapeake Public Schools will not count, verify or sign for receipt of any equipment.

In the case of a discrepancy between the bid proposal summary and the itemized bid response form, the lower price will govern.

I. SITE CLEAN UP

The successful vendor will take every precaution and be responsible for protecting the immediate and surrounding work areas from damage within the building or on the grounds for which the required work is to be performed. The vendor will also be responsible for clean up, removal and disposal of all debris, trash or dunnage, at the end of every workday, in an acceptable manner off school property.

J. WARRANTY

All items contained in this bid will have a minimum ten (10) year warranty. Should your warranty exceed the minimum, please indicate what your “best offer” warranty is by providing a sample of the warranty offered. Only manufacturers’ warranties that exceed ten (10) will be considered. Since warranty for this bid may be considered in awarding the bid, the bidder’s failure to provide warranty information may disqualify the bid proposal. Warranty begins upon **acceptance** of the product(s), **not delivery**.

K. REFERENCES

The successful vendor may be required to show evidence to substantiate the ability to perform and execute a contract of this type and magnitude. Since references may be used as criteria for evaluation of this bid, the bidder will be required to provide complete information as requested in the “Vendor’s Response” section of this bid. No less than three (3) references will be acceptable. Failure to provide this information, as requested, may result in the bidder’s offer being disqualified.

Installers shall be experienced in handling, transporting, assembling and installing the specified product.

L. TERMS

Terms for prompt payment will be considered in the evaluation and award of this bid. However, any terms quoted for a period of **less than twenty (20) days will not be considered**.

M. DRAWINGS

Drawings of the Indian River High School Music Storage Casework are included as **ATTACHMENT D**.

N. SITE VISITATION

It is incumbent upon the bidder to be familiar with the delivery/installation site so as to verify the conditions, measurements, restrictions, etc. present that might affect a bid proposal. Although site visitation is not mandatory, it is strongly suggested to all bidders.

Site visitations are to be coordinated with Greg Hanson, Supervisor of New Construction, at (757) 547-0013.

O. CANCELLATION OF PROJECT

Chesapeake Public Schools reserves the right to cancel any and all contracts let by this bid, at any time, for either poor or non-performance of the successful vendor. Additionally, the original bidder may be removed from the bid list. The bidder may be allowed to apply for reinstatement to the bid list after a period of one year or one bid cycle, whichever is longer. If reinstatement is possible, it can only occur after a meeting with a purchasing administrator in which the original bidder must demonstrate that the original unsatisfactory actions or conditions have been corrected.

P. INSURANCE CERTIFICATE / BONDING REQUIREMENTS

The successful vendor will be required to provide a valid Certificate of Insurance, within ten (10) days of receipt of the Intent to Award letter, acceptable to Chesapeake Public Schools, and must meet the requirements set forth in the General Conditions of Bid contained herein. **No work may commence until a certificate is provided.**

Chesapeake Public Schools must be listed as an **additionally named insured party** with respect to the scope of this bid. If applicable, the successful vendor will be required to provide any and all required bonds which are acceptable to Chesapeake Public Schools and must meet the requirements set forth in the General Conditions of Bid contained herein.

Q. SECURITY

The successful vendor will take all necessary and reasonable steps to insure that the doors and windows are secured at the close of each workday. A normal workday for Chesapeake Public Schools is 8:00 a.m. until 4:00 p.m., Monday through Friday. In the event that the successful vendor requests these hours be extended, the vendor will be responsible for reimbursing the school system for any and all overtime expenses incurred by any employee of Chesapeake Public Schools.

R. FUNDING OUT CLAUSE

Failure of the School Board or Council of the City of Chesapeake to appropriate funds in any year for payment in full of the payments required by this contract or any other provisions herein during the term of the contract shall terminate this contract and render it null and void, without any further liability on the part of the school system or the city of any kind whatsoever, except for its obligation to maintain the product described and to surrender possession of the same to the seller.

This contract shall not constitute a debt of Chesapeake Public Schools or the City of Chesapeake, within the meaning of any limitations or indebtedness of the school system or the city, under the constitution or laws of the Commonwealth of Virginia, including the Charter of the City of Chesapeake.

S. ADDITIONAL INFORMATION

The Division reserves the right to ask any Vendor to submit information missing from its proposal, to clarify its proposal, and to submit additional information which the Division deems desirable. Further, the Division reserves the right to order items from State Contracts or other competitively negotiated contracts such as US Communities contracts if it is deemed in the best interest of the Division.

**SUPPLEMENTARY GENERAL PROVISIONS FOR CONTRACTS
FUNDED BY THE UNITED STATES THROUGH
THE AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009**

This Contract is funded, in whole or in part, with funds appropriated by Congress through the American Recovery and Reinvestment Act of 2009 (Pub. L. No. 111-5, 123 Stat. 115 (2/17/09) ("Recovery Act"). The purpose of the Recovery Act is: (1) to preserve and create jobs and promote economic recovery; (2) to assist those most impacted by the recession; (3) to provide investments needed to increase economic efficiency by spurring technological advances in science and health; (4) to invest in transportation, environmental protection, and other infrastructure that will provide long-term economic benefits; (5) to stabilize State and local government budgets, in order to minimize and avoid reductions in essential services and counterproductive state and local tax increases.

As a recipient of funds pursuant to the Recovery Act, OWNER is committed to ensure that: (1) such funds are used for authorized purposes; (2) the use of such funds is transparent to the public; (3) it provides periodic reports to the federal government on the use of such funds; (4) instances of fraud, waste, error and abuse are mitigated; (5) there are no unnecessary delays and cost overruns in the projects to be funded; and (6) program goals are achieved.

Accordingly, Contractor shall comply with and insert the following provisions in all subcontracts issued pursuant to this Contract:

- (e) "Contract" means the contract to which these Supplemental Terms and Conditions are attached, and includes an agreement made pursuant to a grant or loan subaward to a Sub-Recipient.
- (f) "Contractor" means the party or parties to the Contract other than the Prime Recipient and includes a subgrantee or a borrower. For the purposes of ARRA reporting, Contractor is either a Sub-Recipient or a Recipient Vendor under this Contract.

- (h) "Secretary" means the Secretary of the Treasury.
- (i) "Subcontractor" means any entity engaged by Contractor to provide goods or perform services in connection with this contract.

The term "SubRecipient" is intended to be consistent with the definition in OMB Circular A-133.

1. **General**

This contract is governed by the provisions of the American Recovery and Reinvestment Act of 2009, Pub. The Contractor agrees it shall comply with all ARRA Requirements applicable to this contract. In the event of a conflict between the terms of this contract and the ARRA Requirements, the provisions of the ARRA Requirements shall be controlling. The Contractor acknowledges that these ARRA Special Terms and Conditions may require changes to conform to the ARRA Requirements. Contractor agrees that it shall comply with any such changes upon receipt of written notification from the City of Chesapeake School Board of such changes. Such changes will become a material part of the contract without the necessity of either party executing an amendment to this contract. Contractor also agrees that it will provide to the City of Chesapeake School Board all information and documentation required by the Commonwealth or federal government in order to meet ARRA Requirements. Contractor agrees that, to the extent ARRA Requirements conflict with Commonwealth of Virginia, or City of Chesapeake School Board requirements, the ARRA Requirements shall control.

2. **Subcontractor Flow-down Requirement**

Contractor agrees that it shall include these **ARRA Special Terms and Conditions** in any of its subcontracts in connection with projects funded in whole or in part with funds available under ARRA.

There is no requirement with regard to the origin of components or subcomponents in manufactured goods used in the project, as long as the manufacturing occurs in the United States. Waiver provisions are included in section 1605(b) and (c) of the Recovery Act. Pursuant to Reorganization Plan No. 14 and the Copeland Act, 40 U.S.C. 3145, the Department of Labor (DOL) has issued regulations at 29 CFR Parts 1, 3 and 5 to implement the Davis-Bacon and related Acts (DB). Regulations in 29 CFR 5.5 instruct agencies concerning application of the standard Davis-Bacon contract clauses set forth in that section. Federal agencies providing grants, cooperative agreements, and loans under the Recovery Act shall ensure that the standard Davis-Bacon (DB) contract clauses found in 29 CFR 5.5(a) are incorporated in any resultant covered contracts that are in excess of \$2,000 for construction, alteration or repair (including painting and decorating).

1. Applicability of the Davis Bacon prevailing wage requirements to ARRA projects.

For Recovery Act assistance agreements, Davis Bacon prevailing wage requirement applies when the project includes:

- (a) Installing piping to connect households or businesses to public and private water systems or replacing public or private water system supply well(s) and associated piping due to groundwater contamination,
- (b) Soil excavation/replacement when undertaken in conjunction with the installation of public water lines/wells described above, or

- (c) Soil excavation/replacement, tank removal, and restoring the area by paving or pouring concrete when the soil excavation/replacement occurs in conjunction with both tank removal and paving or concrete replacement.

In the above circumstances, all the laborers and mechanics employed by contractors and subcontractors will be covered by the Davis Bacon requirements for all construction work performed on the site. Other funded activities, such as site assessments, in situ remediation, and soil excavation/replacement and tank removal when not in conjunction with paving or concrete replacement, will normally not trigger Davis Bacon requirements. However, if the Contractor encounters a unique situation at a site (e.g. unusually extensive excavation) that presents uncertainties regarding Davis Bacon applicability, Contractor must discuss the situation with OWNER and Client before authorizing work on that site.

2. Obtaining Wage Determinations.

- (a) Contractor shall use the following DOL General Wage Classifications for the locality in which the construction activity subject to Davis Bacon will take place. These wage determinations can be found for specific localities at www.wdol.gov and are included as Attachment F.
 - (i) When soliciting competitive contracts or issuing task orders, work assignments or similar instruments to existing contractors (ordering instruments) for installing piping to connect households or businesses to public water systems or replacing public water system supply well(s) and associated piping, including soil excavation/replacement, Contractor shall use the "Heavy Construction" Classification.
 - (ii) When soliciting competitive contracts or issuing ordering instruments for soil excavation/replacement, tank removal, and restoring the area by paving or pouring concrete when the soil excavation/replacement occurs in conjunction with both tank removal and paving or concrete replacement at current or former service station sites, hospitals, fire stations,, industrial or freight terminal facilities, or other sites that are associated with a facility that is not used solely for the underground storage of fuel or other contaminant the Contractor shall use the "Building Construction" classification.
 - (iii) When soliciting competitive contracts or issuing ordering instruments for soil excavation/replacement, tank removal, and restoring the area by paving or pouring concrete when the soil excavation/replacement occurs in conjunction with both tank removal and paving or concrete replacement at a facility that is used solely for the underground storage of fuel or other contaminant the Contractor shall use the "Heavy Construction" classification.

Contractor and any subcontractors must discuss unique situations that may not be covered by the General Wage Classifications described above with OWNER and Client. If, Client determines that Davis Bacon applies to a unique situation (e.g. unusually extensive excavation) the Client will advise the OWNER and its contractors which General Wage Classification to use based on the nature of the construction activity at the site.

- (b) For contracts that identify work at specific sites that will be funded in whole or in part by Recovery Act funds, the OWNER shall obtain wage determinations for the locality in which an ARRA activity subject to Davis Bacon will take place prior to issuing requests for

bids, proposals, quotes or other methods for soliciting contracts (solicitation) for activities subject to Davis Bacon. These wage determinations shall be incorporated into solicitations and any subsequent contracts/contract addendums. The contractor shall require subcontractors to follow the wage determination incorporated into the prime contract.

3) Davis Bacon Contract and Subcontract Provisions.

- (a) Any contract in excess of \$2,000 which is entered into for the actual construction, alteration and/or repair, including painting and decorating, of a public building or public work, or building or work financed in whole or in part from Federal funds or in accordance with guarantees of a Federal agency or financed from funds obtained by pledge of any contract of a Federal agency to make a loan, grant or annual contribution (except where a different meaning is expressly indicated), and which is subject to Davis Bacon as described by Paragraph (1) above, the following labor standards provisions apply.

(a) (1) Minimum wages.

(a) (1) (i) All laborers and mechanics employed or working upon the site of the work will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR Part 3) , the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the applicable wage determination of the Secretary of Labor, and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (a)(1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in § 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph (a)(1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers. The Recipient shall require that the contractor and subcontractors include the name of the Recipient employee or official responsible for monitoring compliance with DB on the poster.

(a) (1) (ii)(A) The Recipient, shall require that contracts and subcontracts entered into under this agreement provide that any class of laborers or mechanics,

including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The Client shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

- (1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and
- (2) The classification is utilized in the area by the construction industry; and
- (3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(a) (1) (ii) (B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the Recipient agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the Recipient to the Client. The Award Official will transmit the report, to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the award official or will notify the award official within the 30-day period that additional time is necessary.

(a) (1) (ii) (C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the Recipient do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the award official shall refer the questions, including the views of all interested parties and the recommendation of the award official, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the Recipient and will notify the Award Official within the 30-day period that additional time is necessary.

(a) (1) (ii)(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii)(B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(a) (1) (iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(a) (1) (iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has

found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(a)(2) Withholding.

The OWNER, upon written request of the Award Official or an authorized representative of the Department of Labor, shall withhold or cause to withhold from the contractor under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work, all or part of the wages required by the contract, OWNER may, after written notice to the contractor, **take** such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(a)(3) Payrolls and basic records.

(a) (3)(i) Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work . Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b) (2) (B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(a) (3)(ii)(A) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the OWNER who will maintain the records on behalf of Client. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at <http://www.dol.gov/esa/whd/forms/wh347instr.htm> or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the **Recipient** for transmission to the Client, if requested by Client, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the Recipient.

(a) (3)(ii)(B) Each payroll submitted to OWNER shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(a) (3) (ii) (B) (1) That the payroll for the payroll period contains the information required to be provided under § 5.5 (a) (3) (ii) of Regulations, 29 CFR Part 5, the appropriate information is being maintained under § 5.5 (a) (3) (i) of Regulations, 29 CFR Part 5, and that such information is correct and complete;

(a) (3) (ii) (B) (2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR Part 3;

(a) (3)(ii)(B)(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(a) (3)(ii) (C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section. A PDF version of the form and instructions can be found at the following DOL website. <http://www.dol.gov/whd/forms/wh347instr.htm>

(a) (3)(ii) (D) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

(a) (3) (iii) The contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the Client or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, Client may, after written notice to the contractor, OWNER **sponsor**, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

(a) (4) Apprentices and trainees

(a) (4) (i) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered -program for the apprentice's level of progress, expressed- as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize

apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(a) (4) (ii) Trainees. Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(a) (4) (iii) Equal employment opportunity. The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended and 29 CFR Part 30.

(a) (5) Compliance with Copeland Act requirements.

The contractor shall comply with the requirements of 29 CFR Part 3, which are incorporated by reference in this contract.

(a) (6) Subcontracts.

The contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR 5.5(a)(1) through (10) and such other clauses as the Client may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in this term and condition.

(a) (7) Contract termination: debarment.

A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

(a) (8) Compliance with Davis-Bacon and Related Act requirements.

All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR Parts 1, 3, and 5 are herein incorporated by reference in this contract.

(a) (9) Disputes concerning labor standards.

Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR Parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors), the Recipient, borrower or subgrantee and Client, the U.S. Department of Labor, or the employees or their representatives.

(a) (10)(i) By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(a) (10)(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

b. Contract Provisions for Contracts in Excess of \$100,000

(b)(1) Contractors must comply with the following additional requirements when the contract amount is in excess of \$100,000 and subject to the overtime provisions of the Contract Work Hours and Safety Standards Act.

(b) (2) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(b) (3) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (b) (2) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b) (2) of this section, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b) (2) of this section.

(b) (4) Withholding for unpaid wages and liquidated damages. The OWNER, upon written request of the Award Official or an authorized representative of the Department of Labor, shall withhold or cause to withhold from any moneys payable on account of work performed by the contractor

or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(3) of this section.

(b) (5) *Subcontracts*. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (b) (2) through (5) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(2) through (5) of this section.

(b) (6) In any contract subject only to the Contract Work Hours and Safety Standards Act and not to any of the other statutes cited in 29 CFR 5.1, the contractor or subcontractor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three years from the completion of the contract for all laborers and mechanics, including guards and watchmen, working on the contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid. Further, the records to be maintained under this paragraph shall be made available by the contractor or subcontractor for inspection, copying, or transcription by authorized representatives of the (write the name of agency) and the Department of Labor, and the contractor or subcontractor will permit such representatives to interview employees during working hours on the job.
